

Name: Edo Loenen
Position: Project Manager / Systems Engineer
Title: Dr.
Gender: Male

Education and training

2005: MSc in Astronomy at Groningen University, Groningen (Netherlands)
2009: PhD in Mathematics and Physical Sciences at Groningen University, Groningen (Netherlands)

Work Experience

2005 –2009: Doctoral researcher at Kapteyn Astronomical Institute, Groningen (Netherlands)
2009 – 2012: Astronomy Research Fellow at Leiden University, Leiden (Netherlands)
2012 – Present: Project Manager / Systems Engineer at Science & Technology Corp., Delft (Netherlands)

Competences and Expertise

Edo Loenen has a PhD in astrophysics, from which he obtained extensive knowledge on both data processing and theoretical modelling. He is currently a project manager and systems engineer at S[&]T working on various space and sensor related projects. Through this he gained experience working on EU funded projects.

The list of publications of Edo Loenen includes 21 scientific publications, 14 of which in peer reviewed journals.
